SUMMARY

BCA graduate and MCA pursuing student with strong foundation in programming and problem-solving. Skilled in HTML, CSS, JavaScript, PHP, and MySQL with knowledge of OOPS concepts, Data Structures, SDLC, Agile methodology, and version control using Git. Seeking an entry-level opportunity to contribute to software development and enhance technical expertise.

EDUCATION

- **Master of Computer Applications (MCA) – Pursuing (Expected 2026)**
  Veer Bahadur Singh Purvanchal University
- **Bachelor of Computer Applications (BCA) – 2024 – 75%**
  Veer Bahadur Singh Purvanchal University

CERTIFICATIONS

- HTML Essential Training – LinkedIn Learning
- CSS Essential Training (2023) – LinkedIn Learning
- JavaScript Essential Training – LinkedIn Learning
- Front-end Web Development – Reliance Foundation | Skill India
- Introduction to Generative AI Studio – Simplilearn | SkillUp
- Domestic Data Entry Operator – Skill India
- Cloud Computing: Understanding Core Concepts – LinkedIn Learning

EXPERIENCE

Independent Web Development Practice
2023 – Present
- Developed responsive websites using HTML, CSS, and JavaScript.
- Built backend functionality with PHP and managed databases using MySQL.
- Applied programming concepts in Java and C for problem-solving.
- Gained foundational knowledge of AWS and Google Cloud concepts.
- Participated in debugging, testing, and performance optimization of web applications

SKILLS SUMMARY

- Technical Skills: HTML, CSS, JavaScript
- Database: MySQL
- Programming Languages: PHP, JavaScript, C, C++, Java
- Frameworks & Libraries: Bootstrap, Tailwind CSS
- Core Concepts: OOPS, Data Structures, SDLC
- SoI Skills: Time Management, Leadership, Effective Communication, Critical Thinking

PROJECTS

Personal Portfolio Website

Tech Stack: HTML5, CSS3, JavaScript, Tailwind CSS
Key Features:
- Fully responsive design for all devices
- Dynamic rendering of skills and project using Javascript
- Smooth scrolling navigation with modern dark UI
- Interactive skill cards and structured project showcase

Description:
Developed a responsive and modern portfolio website to showcase technical skills and projects, focusing on clean UI design, smooth navigation, and enhanced user experience.

Student Management System

Tech Stack: PHP, MySQL, HTML, CSS

Key Features:
- Student record management (Add, Update, Delete, View)
- Secure data handling using MySQL database
- User-friendly interface for managing admissions and records
- Effective backend processing using PHP

Description:
Developed a web-based Student Management System to manage student records, admissions, and academic data efficiently. Utilized PHP for backend logic and MySQL for structured database management to ensure accurate and smooth system operations.
